Welcome Note

Welcome to the Lounge. On October 23rd, Toulouse Theatre transforms into an immersive world of jazz, bounce, and Halloween magic. From live saxophone to Mikecol's show, costumes to culture, this night is more than music — it's an experience.

BRAND AESTHETIC

Jazz Bounce is the epitome of grown and sexy. A sound and aesthetic that lives in smoky neon lounges, where every note feels like velvet and every movement carries rhythm. The brand is mysteriously mechanical, sleek with an edge of futurism, yet infused with the living magic of Mikecol's artistry. Its allure pulls from the golden age of the 60s and 70s; when jazz clubs, velvet curtains, and nightlife sophistication defined cool now reimagined through a modern lens. More than music, Jazz Bounce is an experience: enticing, stylish, and unforgettable. The soundtrack of sophistication with a dangerous groove.
